UNIVERSAL STUDIOS

Size: 150,000 Square Feet

Location: Studio City, California

Challenge *Coat New BUR Capsheet Roofs*

- Improve comfort & energy efficiency of sound stages.
- Make roofs longer-lasting and more sustainable.
- Improve campus aesthetics.

Solution *AcryShield® Coating System*

- Cool Roof surfaces for new BUR capsheet roofs.
- Reduced surface temperatures by 60°F.
- Renewable roof systems.

Universal Studios was an early advocate of sustainable roofing that is longer-lasting and more energy efficient, having installed high performance AcryShield coating systems over several new BUR capsheet roofs.
